Re: Gillette v. Endervelt

Dear Mr. Fritz:

Enclosed is a copy of an affidavit of Dr. David Blum, M.D., Belle Endervelt's treating internist. Because of Mrs. Endervelt's condition, her statements are inherently unreliable and cannot be relied upon by either party or the Court in order to respond to the Requests for Admission and Interrogatories that Plaintiff has served upon her. Her participation in discovery could very well cause physical problems associated with her present medical condition. We ask that you withdraw the discovery demands or we will move for a protective order as to the same.

Very truly yours,

Steven T. Sledzik
